INSTRUCTIONS FOR THE WORKING OF VACCINATION IN NON-MUNICIPAL AREAS.

Duties of Vaccinators and Health Inspectors.

1. Every Health Inspector should be provided with a list showing the name and population of all the villages (and hamlets) in his range. The list should be prepared in Form A and maintained according to the instructions given in the footnote therein. This list will be the Health Inspector's village inspection register and a record of his and his vaccinator's work. While noting the number vaccinated and verified, the Health Inspector will also note the unprotected cases and under-age cases next to the number vaccinated and number verified, in the following manner.—

$$\frac{\text{Upc} \qquad\qquad \text{ABC}}{\text{UA} \qquad\qquad \text{Xy}}$$

2. The District Health Officer shall be responsible for the preparation of a programme of work for the vaccinators for a year and submission at least a month before the vaccination season starts. A copy of the programme shall then be sent to the concerned Health Inspector, the President, District Board, and the Director of the King Institute. Ordinarily every village and hamlet in the range should be visited by the vaccinators not less than once a year; where the range is compact, it should be possible to arrange for two or more visits in the year. The programme shall not be departed from except with the permission of the District Health Officer, who will send timely notification to the Director of the King Institute of any unavoidable change such as, for example, epidemic outbreak of smallpox.

3. All the vaccinators should strictly carry out the programme.

4. All Health Inspectors shall submit to the District Health Officers a fortnightly tour programme in advance.

5. The headquarters of the vaccinators of a range will be the same as that of the Health Inspector. They may return to headquarters after exhausting the supply of lymph, but only on condition that they are at the appointed places on the due date in order to take delivery of the next supply of the lymph on its arrival at the post office and to proceed forthwith to the programmed village. While they are at headquarters they shall attend the office of the Health Inspector daily if the Health Inspector is at headquarters.

6. Vaccinators and Health Inspectors shall note carefully the directions for using vaccine lymph contained in section XI of the Public Health Code—Part II. Any violation of these directions will entail serious notice. The presidents of district boards shall see that all vaccinators working under them use their lymph supplies as expeditiously as possible and that all undue delays are punished promptly.

7. The Health Inspector and the vaccinators shall give at least one week's notice (in Form B) to the village headmen of the time and date of their intended visits and copies of the notices shall also be sent to the Tahsildars or Deputy Tahsildars. The vaccination staff should not fail to visit villages on the appointed dates. If for any reason they are unable to visit on these dates they shall give information of the fact to the village headmen not less than 24 hours previously.

8. Vaccination and the inspection of vaccinated cases must be performed in the village itself and parents or guardians of children and unprotected persons shall not be required to go to any other village for the above purpose except as under rule 12 (2) of the rules issued with G.O. No. 349, P.H., dated 18th February 1932. When a hamlet is mainly occupied by Muhammadans or any other community whose women do not appear in public, vaccination and inspection shall be performed in suitable centres selected in the hamlet itself. No vaccination or inspection should ordinarily be done at private residences except as provided in paragraph 20 infra.

9. The vaccinator shall vaccinate all the available unprotected children in the village. He shall enter the date of vaccination against the name of each vaccinated child in column (9) of the village unprotected register (Form C). Should he find any child not in a fit state of health to be vaccinated he shall deliver to the parent or guardian of such a child, a certificate (Form M) to the effect that the child is not then in a fit state for vaccination and enter the word 'postponed,' in column (13). The certificate of the village headman in writing as to the state of the health of a child may ordinarily be accepted as sufficient evidence of the necessity for postponement of vaccination, but the vaccinator should go to the parent's or guardian's house in order to verify the assertion. He shall, however, not require the child to be produced.

When a vaccinator sends the intimation of his intended visit to the village he should instruct the village headman to notify all persons of the age of eighteen years and above to be present for re-vaccination in addition to the usual children for primary vaccination.

After vaccination the vaccinator shall prepare and enter in the unprotected persons' register (Form C-1) the particulars of all persons re-vaccinated. This register though maintained by the Health staff will be in the custody of the village headman along with the unprotected children's register. These should be retained permanently.

The vaccinator should make a list of all the unprotected cases who have left the village (Form C-2) and forward it to the District Health Officer through the Health Inspector with all the necessary particulars. Similarly, the Health Inspectors also should do, during their inspection. The District Health Officer should communicate these changes to the authorities concerned of the town or place to which these cases have been removed.

10. The vaccinator shall, after the vaccination of the assembled children or persons, make inquiries in the village in order to check the accuracy of birth, death and unprotected registers and all unrecorded cases discovered during the inspection shall be posted in the registers. All unprotected children detected shall be vaccinated forthwith and of the unprotected persons detected, as many of them shall be vaccinated as lymph is available for.

11. The reserve vaccinators under the supervision of the Health Inspector shall attend to emergency cases. Their services shall also be utilised for supplementing the work of the ordinary vaccination staff, for instance, in smallpox-infected areas. They may also be deputed for vaccination and re-vaccination of school children, factory and workshop employees and estate coolies, etc., and for vaccination in places which have not been visited by the permanent staff, or where vaccination is backward.

12. A vaccinator shall not inspect the result of his own work. Immediately after exhausting each supply of lymph he shall submit to the Health Inspector,—

(a) a list in Form D of the cases vaccinated by him, *by post*, if the Health Inspector is away from headquarters—and if in headquarters, in person, noting the time of delivery therein, and

(b) a report in Form E.

13. On receipt of the nominal registers, the Health Inspector shall proceed to inspect the vaccinator's work.

14. The Health Inspector shall inspect all cases before the close of the month succeeding their vaccination so that his monthly return may be despatched by the prescribed date, and if he is not able to do so, he must report the fact to the District Health Officer.

15. The Health Inspector shall, during inspection fill in the necessary columns of the unprotected registers (Forms C and C-1). He shall see that these registers are in all cases correctly maintained. He shall submit his monthly return (Form F) to

the District Health Officer and the President of the District Board, before the end of the month succeeding that in which the cases were vaccinated.

16. The Health Inspector shall submit a weekly diary of his work (in Form G) to the President, District Board, through the District Health Officer. The President, District Board, will return the diary after perusal to the District Health Officer, for record in his office

17. Health Inspectors shall be on tour at least 20 days in each month. The District Health Officer, if he finds that on account of any laxity or neglect, a Health Inspector's work has fallen into arrears, may make such deductions in his travelling allowance as may be considered reasonable

18. No minimum period of touring need be prescribed for vaccinators during the vaccination working season, but during the period of suspension of vaccination a minimum of 20 days' tour a month should be insisted upon. During the vaccination working season the District Health Officer shall prescribe the minimum outturn of work to be required from each vaccinator between the limits of 500 and 750 cases a month. The presidents of district boards on the recommendation of the District Health Officer shall reduce the travelling allowance of a vaccinator who fails to reach his minimum. All recoveries of the cost of lymph wasted by the vaccinator shall be made by the District Health Officer.

19. All returns submitted by vaccinators and Health Inspectors should be promptly passed on to their final destination

20. The attention of all vaccinators and Health Inspectors is drawn to rule 11 of the rules for declaring vaccination compulsory in rural areas.

21. Vaccinators or Health Inspectors who have any complaints against village headmen shall not enter them in the village registers but shall make a separate report to the authorities concerned.

Duties of Village Officers.

22. A register of unprotected children (Form C) shall be maintained for each village, a fresh register being opened every year. The Revenue department should take particular care to see that every village headman is supplied with sufficient forms before the beginning of each year. The register shall be maintained by the village headman or the person appointed as registrar under the Madras Registration of Births and Deaths Act (Madras Act III of 1899).

23. As the correctness of the registers of unprotected children depends on the proper maintenance of the birth and death registers (Forms H, H-1, I and I-1), the instructions contained in the Manual of Village Accounts for birth and death registration in areas where registration is not compulsory and the rules under Act III of 1899 for registration in compulsory areas should be carefully observed

24. In opening the register of unprotected children, the names of all the children under 18 years, who have not been vaccinated or re-vaccinated or have been unsuccessfully vaccinated, or who have not had smallpox should be entered first. Following these entries, the names of the children born in the village during the year should be entered simultaneously with their registration in the birth register.

25. At the beginning of every month inquiries shall be made regarding unprotected children born in other villages who have taken up their residence in the village and the names of all such children entered in the register.

26. When a fresh register is opened all the children shown as unprotected in the previous register shall first be brought forward, subsequent entries being made as required in paragraph 24 above

27. Columns (1) to (8) in the register shall be filled in by the village headman or the person appointed as registrar under the Madras Registration of Births and Deaths Act, as the case may be, column (9) by the vaccinator, and columns (10), (11) and (12) by the Health Inspector. Column (13) is intended for the remarks of the vaccinator in cases where vaccination has been postponed, and also for the remarks of inspecting officers.

28. When a child dies or leaves the village, the fact shall be noted by the village headman or the person appointed as registrar under the Madras Registration of Births and Deaths Act, as the case may be, in column (13) of the register

29. The village headman or the person appointed as Registrar under the Madras Registration of Births and Deaths Act, as the case may be, shall see that the unprotected register is complete and the name of every unprotected child liable for vaccination is entered therein, prior to the date of the vaccinator's visit.

30. On the date of the visit of the vaccinator or the Health Inspector the village headman should arrange to be present in the village. Should urgent need for his absence arise he shall intimate the fact to the vaccinator or Health Inspector and hand over the registers, etc., relating to vaccination to the karnam or other officer with instructions to render the vaccinator or the Health Inspector all necessary assistance.

31. A week before the date of the vaccinator's visit, the headman shall announce such date in the village by beat of tom-tom and shall affix a notice with a list of children liable to vaccination in the village chavadi or other public building within the limits of the village. He shall also announce all persons of the age of 18 years and above to be present for re-vaccination. The notice shall call upon the parent or guardian of every child whose name appears in the list to produce the child and every person liable to vaccination to be present at the time and place appointed for vaccination and shall state that, if within an hour of the time notified, the vaccinator has not turned up and started work, the parent or guardian of the child or the person as the case may be, need wait no longer. A notice in similar terms shall be given before each visit of the Health Inspector. The village headman shall similarly on receipt of information that the vaccinator's or Health Inspector's visit is postponed, notify the fact by beat of tom-tom. In the districts of Malabar and South Kanara, a notice (Form L) shall be served by the village munsif on the parents or guardians of children or on persons liable for vaccination and for inspection after vaccination to produce such children or persons to be present before the vaccinator or the inspecting officer, as the case may be, at such time and place as may be stated in the notice

32. It is essential that the children and persons liable for vaccination should be ready at the time of the vaccinator's or Health Inspector's visits. It is the duty of the village headman to see that the parents or guardians take the children in the list to the appointed place, at the time stated in the notification and also to see that persons liable for vaccination assemble at the appointed time and place.

33. The village headman or the person appointed as Registrar under the Madras Registration of Births and Deaths Act, as the case may be, shall under no circumstances, allow the village registers to be taken out of the village except under the orders (in writing) of some competent authority.

Vaccination in compulsory areas.

34. When the parent or guardian or the person himself fails to comply with the notice to get the child vaccinated or to get himself vaccinated as required by the rules, a report in Form J should be sent to the magistrate, having jurisdiction over the area by the President, District Board, or anyone authorized by him. If the vaccinators or Health Inspectors have been generally authorized by the President, District Board, to file vaccination complaints they shall obtain the previous approval of the District Health Officer before preferring such complaint.

35. If any unprotected child under six months of age is exposed to infection on account of any portion of the village or proximate village being threatened or infected with smallpox, the parent or guardian of the child, shall be required in Form K, to have the child vaccinated and inspected after vaccination, under these rules. In the above circumstances, the procedure laid down for the prosecution of parents or guardians for failure to produce children above six months of age for vaccination or inspection shall also be adopted in regard to the prosecution of parents or guardians of children under six months of age.

3. The town should be divided among the several vaccinators and the portion allotted to each should be well-defined. Ordinarily there should be a vaccinator for every 25,000 of the population.

4. Every vaccinator shall be supplied by the municipality with a copy of the Public Health Code (Vaccination) issued by the Director of Public Health and should master its contents.

(x) correct preparation and punctual submission of returns of vaccination.

6. Vaccinators shall note carefully the directions for using vaccine lymph contained in section XI of the Public Health Code (Vaccination). Any violation of these directions shall entail serious notice.

7. A suitable building should be provided for carrying on vaccination in every town or division and the place of vaccination should be clearly specified in the birth counterfoil and in the notice issued a week before the day appointed for vaccination.

8. If the vaccinator or any member of the sanitary staff during the course of his rounds comes across a case of smallpox he should at once report it to the Municipal Health Officer or the medical officer who will arrange for carrying on preventive measures after personal verification.

9. The Sanitary Inspectors and their peons and maistries should be directed to intimate to the vaccinator the unprotected cases they come across, during their rounds and render him whatever help they can in his outdoor work without detriment to their own duties.

10. The Registrars of Births and Deaths should warn the people who register births that the children should be produced for vaccination at the vaccination depot soon after attaining the age of six months. The birth counterfoils S.F. II A-No. 8 B given to the parties should contain a notice in diglot (English and local vernacular) that the child should be taken to the vaccination depot as soon as it attains the age of six months, on pain of prosecution under the Municipal Act or the rules framed thereunder.

11. Registers of unprotected children—one for in-births and another for out-births—shall be maintained by the vaccinator in S.F. II A-No. 7, fresh registers being opened every year.

12. Besides the unprotected children's registers a register of unprotected persons should also be maintained in Form No. S.F. II A-No. 7 A.

13. As the correctness of the register of unprotected children depends on the proper maintenance of the birth and death registers, the instructions issued with G.O. No. 2446, P.H., dated 1st December 1935, regarding registration of vital statistics in municipalities should be carefully observed.

14. In opening the register of unprotected children, the names of all the children under 18 years who have not been vaccinated or have been unsuccessfully vaccinated, or who have not had smallpox, should be entered first. Following these entries, the names of the children born in the town during the year should be entered simultaneously with their registration in the birth register. In the register of unprotected persons the names of all persons except unprotected children should be entered.

15. Daily enquiries should be made regarding unprotected children born in other towns or villages and unprotected persons from other towns or villages who have taken up their residence in the municipality and the names of all such children or persons should be entered in the registers.

16. When fresh registers are opened all the children and persons shown as unprotected in the previous registers shall first be brought forward, subsequent entries being made as required in paragraph 14 above.

17. Intimation of removal of unprotected children or persons should always be sent by the vaccinator (Form S.F. II A-No. 8) through the Municipal Health Officer, or medical officer to the authorities of the place to which the unprotected children or persons have been removed.

18. A notice (S.F. II A. No. 9) should be issued by the vaccinator to the parent or guardian of the child or to the person as the case may be, at least one clear week before the day appointed for vaccination, and if the child or person is not present on the appointed day at the vaccination depot, and no medical certificate filed for postponement of vaccination or fee paid for vaccination at residence, the vaccinator should submit a report (S.F. II A-No. 11) of such cases to the Municipal Health Officer or executive authority, who should take steps to enforce the provisions of the law in regard to compulsory vaccination.

19. No vaccination at residence should be done except on payment of the prescribed fee

20. After vaccination, the vaccinator shall enter the date of vaccination against the name of each child or person in the unprotected registers of children and persons. Should he find any child or person not in a fit state of health to be vaccinated, he shall deliver to the parent or guardian of such child or such person, as the case may be, a certificate in S.F. II. A No. 12 to the effect that the child or person is not then in a fit state for vaccination and enter the word 'postponed' in the unprotected registers

21. The vaccinator, after the vaccination of assembled children and persons should conduct a house-to-house enquiry in the town in order to check the accuracy of birth, death and unprotected registers, and all unrecorded cases discovered during the enquiry should be posted in the registers. All unprotected children above six months discovered during the inspection shall be vaccinated forthwith; and of the unprotected persons detected, as many unprotected persons shall be vaccinated as lymph is available for.

22. Soon after vaccination the vaccinator should give a notice to the parent or guardian of the child vaccinated or the person or persons vaccinated, for inspection of results of vaccination in S.F. II —A. No. 10.

23. The inspecting officer shall note the results of his inspection in the monthly return of vaccination.

24. The monthly return of vaccination—S.F. No. 4 (b)—and the statement of all children liable for compulsory vaccination—S.F. II A.-No. 5—should be submitted so as to reach the office of the Director of Public Health before the 15th of the succeeding month to which the returns relate. Instructions for the correct preparation of the statement of children liable for compulsory vaccination are given below:—

(1) In filling up any column in this return it should be remembered that the heading "children liable to compulsory vaccination" relates only to children above six months and under 18 years of age. No figures relating to children under or above these ages should be included in this return.

(2) Under column 1 (current month's figures—births registered in the municipality) should be given figures relating to children who were born locally and who are six months' old in the month to which the return relates, e.g. in the return of January, the figures of births registered in July preceding should be given. All the entries against the different items in this column should relate to these figures only.

(3) Under column 2—(Current month's figures—Out-births)—give the out-births registered in the municipality during the month under report and those out-births noted in the previous months but which have reached the age of six months then, e.g., return for January should show out-births noted in the registers in January, as a result of detection or by intimation from outside and out-births of previous months which are six months old in January. It should be remembered that according to note (1) above, out-births under six months and over 18 years of age should be excluded. The former should be brought up in this column in future reports as they reach the age of six months, e.g., an outbirth two months' old reported in January should be included in this column in the return for the month of May succeeding.

(4) Under column 3 (past months figures—Births registered in the municipality)—give merely the figures in columns (1) and (3) of the past month found against items (2) (c), (4) (a), (5), (6) and (8).

(5) Under column 4 (Past months figures—Out-births)— give the figures in columns (2) and (4) of the past month found against items 2 (c), 4 (a), 5, 6 and 8.

(5) (a) High figures in items 4 (a) and 5 should be explained.

(6) The entries against item 7 should be as low as possible. A high figure usually denotes indifference and lethargy of the staff in not making proper enquiries. No case should be brought under this head unless found absolutely untraceable after repeated enquiries.

(7) Under item 8—this should contain the difference between item (1) and the totals of items 2 to 7. The explanation for high figures should be satisfactory and convincing.

25. Soon after vaccination of the assembled children the vaccinator shall enter such cases in the nominal register (S.F. No. II A No. 6).

26. The Municipal Health Officer or the medical officer or a subordinate medical officer should maintain a yearly register of smallpox in Form H.O. No. 9. This should be preserved as a permanent record.

27. The vaccinator shall submit a daily diary to the Municipal Health Officer or the local medical officer or the executive authority in the form prescribed.

NOTIFICATIONS

No. 2—

The following notification is issued in supersession of Notification No. 1, dated 20th January 1938, published in the *Fort St. George Gazette*, Part II, dated 25th January 1938

In exercise of the powers conferred on him under section 4 (g) of the Madras Abkari Act, 1886, the Commissioner of Excise and Separate Revenue hereby prescribes under sections 10, 24 and 29 (2) (J) of the Act, the following rules for the levy of fees on the volume of sales, etc., and for the issue of licences for the compounding, blending, bottling and sale of potable foreign liquors, Indian-made 'foreign' spirits, Indian-made rectified spirits, coconut toddy arrack and beer brewed in India from and after the 1st April 1939 within the limits of the Madras Presidency:—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Madras Presidency by sea or land; imported plain rectified spirits on which the tariff rate of duty has been paid and beer brewed in India duly excised at the tariff rate but excludes Indian-made 'foreign' spirits, coconut toddy arrack, beer brewed in India and Indian-made plain rectified spirits on which duty at the tariff rate has not been paid, beer imported in a condensed form and afterwards converted into potable beer, denatured spirits and ordinary arrack.

"Indian-made 'foreign' spirits" spirit manufactured and compounded in British India and made in colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries and includes 'milk punch' and other liqueurs into the composition of which only such spirit enters. It is excised at Rs. 21-14-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits.

The duty on Indian-made rectified spirits is Rs. 21-14-0 per proof gallon.

'Coconut toddy arrack' is spirit manufactured from toddy at the Chowghat distillery in Malabar and excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two Imperial gallons.

'Indian beer' is beer brewed in India, (a) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude-cane sugar is employed, (b) which is brewed at a higher original gravity of 1,058 degrees on a standard saccharometer and (c) maximum price of which at the brewery is Rs. 40 per hogshead plus the excise duty imposed at the time of issue.

NOTE.—(1) The minimum strengths at which imported and Indian-made 'foreign' spirits can be sold are 35° U.P. for gin, 30° U.P. for Colombo arrack and coconut toddy arrack and such other spirits as may be prescribed by the Commissioner of Excise and Separate Revenue, from time to time and 25° U.P. for all other kinds of spirits including Italian arrack, except denatured spirits.

(2) Holders of foreign liquor licences should not dispose of any spirit imported by them and cleared from the Custom House on payment of provisional duty before acquainting themselves with the true strength of the spirit and satisfying themselves that it is not below the minimum saleable strength. If on test at the Customs Laboratory it is found that any such spirit is below the minimum saleable strength and has been sold, the excise rules will be rigidly enforced against such licensees.

(3) 'Rectified spirits' includes 'absolute alcohol.'

2. (1) Gallonage fees shall be levied at the following rates on the volume of sales of liquor under such licences and in such manner as may be prescribed by the Commissioner of Excise and Separate Revenue from time to time.—

	Per Imperial gallon or 6 quart bottles. RS.	A.	P.

3. *Import.*—(1) The import of Indian-made 'foreign' spirits and Indian-made rectified spirits manufactured outside the Presidency otherwise than by sea, shall be permitted only with the previous permission of the Commissioner or an officer authorised by him to grant permission on prepayment of the excise duty payable and in the case of imports by others than foreign liquor licence-holders, of the prescribed gallonage fees also.

In the case of exports to Mysore, no permit shall be granted unless the exporter has obtained the prior written permission of the excise authorities in Mysore to import the liquor.

Spirits consigned underbond for export from any distillery or warehouse to the Sea Customs House, may be subsequently removed for local consumption on payment of the prescribed excise duty or/and other prescribed fee, if any.

5. *Transport.*—(1) No Indian-made 'foreign' spirits, coconut toddy arrack or beer brewed in India shall be issued from any distillery, warehouse or brewery in the Presidency otherwise than under a permit to be issued free of fee when the issue is made to a licence-holder and on payment of the prescribed gallonage fees when the issue is made to some person other than a licence-holder. Permits will be granted by the officers in charge of the Distilleries or Warehouses or by the Brewery Manager as the case may be.

(2) Transport from the local areas notified by the Commissioner under the proviso to section 10 of the Madras Abkari Act I of 1886 to destination of all foreign liquor, Indian-made 'foreign' spirits, coconut toddy arrack and beer brewed in India on which the prescribed gallonage fee has not been paid, shall be permitted only under a permit to be issued by the Collector of the district in which the destination of the liquor lies. (3) The transport permit shall be dispensed with and no gallonage fee shall be levied in the case of foreign liquor or Indian-made 'foreign' spirits or beer up to one reputed quart brought by a bona fide passenger arriving by sea at any port or outport in this Presidency.

L. P. COLE,
Executive Engineer, Nellore Division.

Nellore, 10th January 1939.

NOTICE OF SALE.

Notice is hereby given that the right of fishing in the sources described in the schedule below for a period from 15th March 1939 will be sold in public auction by the Subdivisional Officer, Public Works Department, Ranipet subdivision, at the Inspection Bungalow at Ayyangulam (Dam) on the 22nd day of February 1939 at 11 a.m. subject to the conditions hereinafter set forth:—

Conditions of sale.

1. Any person intending to bid must deposit a sum of Rs. 50 with the selling officer on or before the date of sale. No person will be admitted to the auction premises unless he has made the deposit. No one will be allowed to bid for another person unless he holds a power-of-attorney from him. The sale will ordinarily be knocked down to the highest bidder, but the right is reserved to the officer conducting the sale to reject any bid without assigning any reason therefor. The deposits made by unsuccessful bidders will be returned to them at the close of the sale. The sale will not be considered complete unless it is confirmed by the Executive Engineer, North Arcot Division, who reserves the right to refuse to confirm the sale without assigning any reasons therefor. The successful bidder will not be permitted to do any act under the lease until the sale is confirmed by the Executive Engineer, North Arcot Division, and until conditions 2, 3 and 4 below are fulfilled.

2. Immediately after a bid is accepted by the officer conducting the sale, the successful bidder shall deposit on the spot a sum equal to 25 per cent of the lease amount for one year if the lease is for a period of one year or more, or 25 per cent of the total lease amount if the lease is for a period of less than one year. In doing so, he may deduct the initial deposit made by him under condition 1.

3. After obtaining from the successful bidder the sum specified in condition 2 above, the officer who accepted the bid shall forward it (along with the auction records) for confirmation to the Executive Engineer, North Arcot Division, together with the intimation that the sum specified in condition 2 above has been received from the successful bidder. The successful bidder shall, on receipt of the order of confirmation by the Executive Engineer, North Arcot Division, make further deposits as shown below and execute an agreement in the prescribed form. If, however, the successful bidder is a panchayat board or a co-operative society, agreements executed by it in respect of leases for one year and less need not be stamped, but those for over one year should be properly stamped—

(1) When the lease is for a period not exceeding one year, the lessee shall pay the entire balance of 75 per cent of the lease amount within seven days of receipt of order of confirmation;

(2) when the lease period exceeds a year—

(a) If the entire rental for the total period of the lease does not exceed Rs. 500 the lessee shall pay the entire balance of the amount within seven days of the receipt of the order of confirmation;

(b) if the entire rental for the total period of the lease exceeds Rs. 500, the lessee shall pay—

(i) the first year's rental within seven days of the receipt of order of confirmation, the 25 per cent advance made under condition 2 being adjusted towards the rental;

(ii) the rental due for the second and for every subsequent year in one sum within a date to be fixed by the Executive Engineer, North Arcot Division, not exceeding two months from the commencement of the respective years.

4. The successful bidder shall within seven days of receipt of orders of confirmation deposit as security for the due fulfilment of the conditions of the lease a sum equal to 10 per cent of the total lease amount for the entire period of the lease. This sum will be refunded to him on the expiry of the said period if the conditions of the lease have been duly fulfilled. No deposit need, however, be made if the successful bidder is a village panchayat or a co-operative society.

5. The officer conducting the sale may hold two sales for the same fishery—one for one year or less and the other for three years. The officer authorized to confirm the sale under clause (1) may at his discretion confirm either of these sales.

6. In the event of a failure on the part of successful bidder to comply with all or any of the conditions 2, 3 and 4 above, the sale will be cancelled, the right of fishing resold and the deposits already made will be forfeited. Resales under this condition will be at the risk of the defaulting bidder who will have no claim to the profit, if any, on account of such resale, and, in the event of loss, will be required to make good the difference between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the amount of loss arising from the resale and the remainder, if any, with interest at 12 per cent per annum will be recoverable from him. Should, however, the forfeited deposits exceed the amount of loss by resale, the whole of such deposits will be credited to Government.

Bill to be introduced in the Legislative $\frac{\text{Assembly}}{\text{Council}}$ of the Province of Madras.

Under the proviso to rule 73 of the Madras $\frac{\text{Assembly}}{\text{Council}}$ Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

A Bill further to amend the Madras District Municipalities Act, 1920, *and the Madras Local Boards Act*, 1920, *for certain purposes.*

adras Act of 1920. adras Act IV of 1920.

WHEREAS it is expedient further to amend the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920, for the purposes hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Madras District Municipalities and Local Boards (Amendment) Act, 1939. Short title.

Amendment of sections 40 and 83, Madras Act V of 1920.

2. In the Madras District Municipalities Act, 1920—

(i) after sub-section (2) of section 40, the following sub-section shall be added, namely:—

"(3) Any person removed under sub-section (1) from the office of chairman or from the office of vice-chairman shall not be eligible for election to either of the said offices until the date on which notice of the next ordinary elections to the municipal council is published in the prescribed manner."; and

(ii) in sub-section (1) of section 83, for clause (*e*), the following clause shall be substituted, namely:—

"(*e*) any irrigation work vesting in the Crown including the bed of a water-course, or any building or land adjacent and appertaining to such irrigation work; Crown lands set apart free for recreation purposes; and all such other Crown property (being neither buildings nor land from which in the opinion of the Provincial Government any income could be derived) as may from time to time be notified by the Provincial Government."

Amendment of section 43, Madras Act XIV of 1920.

3. In section 43 of the Madras Local Boards Act, 1920, after sub-section (2) the following sub-section shall be added, namely:—

"(3) Any person removed under sub-section (1) from the office of president or from the office of vice-president shall not be eligible for election to either of the said offices until the date on which notice of the next ordinary elections to the local board is published in the prescribed manner."

STATEMENT OF OBJECTS AND REASONS.

Sub-section (1) of section 40 of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), and sub-section (1) of section 43 of the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), provide for the removal by the Government of chairmen of municipal councils and presidents of local boards in the circumstances and for the reasons stated in those sub-sections. There is however no provision disqualifying the chairman or president from re-election for any definite period after his removal from office. The result is that where a chairman or president who has been removed by the Government happens to command a majority in the existing council or board, he may get himself re-elected, thereby rendering the Government's action in removing him nugatory. It is therefore considered necessary to add a provision to the effect that a chairman or president who is once removed from office shall not be eligible for re-election as chairman or president or for election afresh as a vice-chairman or vice-president for the period from the date of removal to the date fixed for the publication of the notice for the next ordinary elections to the municipal council or the local board.

2. The same difficulty arises in the case of vice-chairmen of municipal councils and vice-presidents of local boards, and a similar provision is also necessary in their case.

3. The disqualification will not however extend to a chairman or vice-chairman or a president or vice-president who is removed from the office in consequence of a no-confidence motion. Such removal stands on a different footing.

4. Under the Madras District Municipalities Act, 1920, as it now stands, property-tax may be levied on an irrigation work. It is considered desirable to exempt from the tax all irrigation works vesting in the Crown including water-courses, natural and artificial, and lands and buildings adjacent and appertaining to irrigation works.

5. Section 83 (1) (e) of the District Municipalities Act as it now stands provides for the exemption from tax of such Crown property not being buildings as may be notified by the Government with the consent of the municipal council. Section 101 (h) of the Madras City Municipal Act, 1919 (Madras Act IV of 1919), on the other hand provides for the exemption of all Crown lands set apart free for recreation purposes and such other Crown property as may be notified by the Government, being neither buildings nor land from which in the opinion of the Government any income could be derived. It is considered desirable to take advantage of the opportunity to bring the provisions of the District Municipalities Act into accord with those of the City Municipal Act in regard to this matter. The test laid down in the City Municipal Act will operate uniformly in the case of all municipalities and is therefore preferable.

Secretary to Government, Legal Department.

Bill to be introduced in the Legislative Assembly of the Province of Madras.

Under the proviso to rule 73 of the Madras Assembly Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information :—

A Bill further to amend the Canals and Public Ferries Act, 1890, for certain purposes.

Madras Act II of 1890.

WHEREAS it is expedient further to amend the Canals and Public Ferries Act, 1890, for the purposes hereinafter appearing; It is hereby enacted as follows :—

Short title and commencement.

1. (1) This Act may be called the Canals and Public Ferries (Amendment) Act, 1939.

(2) It shall come into force on the 1st day of April 1939

Madras Act II of 1890.

Substitution of new section for section 10, Madras Act II of 1890.

2. For section 10 of the Canals and Public Ferries Act, 1890 (hereinafter referred to as the said Act), the following section shall be substituted, namely :—

Power to provide for management of ferries and fix fees and rates of tolls.

"10. (1) The Provincial Government may—

(a) provide for the management of any public ferry, or

(b) authorize any person to convey passengers, animals, vehicles or goods across a channel by means of vessels at any public ferry, or

(c) assign the management of any public ferry to a local board or municipal council.

(2) All vessels used by a person authorized under clause (b) of sub-section (1) shall be licensed, and the Provincial Government may fix the fees payable for such licence.

(3) In the cases referred to in clauses (a) and (b) of sub-section (1), the Provincial Government may levy tolls at such rates as they may fix upon passengers, animals, vehicles and goods conveyed across the ferry.

(4) Where under clause (*c*) of sub-section (1), the management of a public ferry is assigned to a local board or municipal council, the local board or municipal council may levy tolls upon passengers, animals, vehicles and goods conveyed across the ferry at such rates as it may, subject to the control of the Provincial Government, fix. All moneys received by the local board or municipal council from the tolls levied by it under this sub-section shall form part of its funds.

(5) A notice in English and in the language of the district specifying the tolls leviable at a ferry under sub-section (3) or sub-section (4), as the case may be, shall be exhibited to public view on each side of the ferry."

Amendment of section 11, Madras Act II of 1890.

3. In section 11 of the said Act, the words " or public ferry " shall be omitted.

Amendment of section 14, Madras Act II of 1890.

4. To section 14 of the said Act, the following proviso shall be added, namely :—

> " Provided that any ferry rent due to a local board or municipal council shall be recovered as if the same were a tax due to the local board or municipal council."

Provision for the continuance of existing tolls.

5. All tolls levied immediately before the commencement of this Act at any public ferry the management of which has been assigned to a local board or municipal council, shall be deemed to have been levied, with effect from such commencement, by the local board or municipal council concerned under sub-section (4) of section 10 of the said Act as amended by this Act.

STATEMENT OF OBJECTS AND REASONS.

Section 11 of the Canals and Public Ferries Act, 1890 (Madras Act II of 1890), makes provision *inter alia* for the assignment of the management of a public ferry to a local board or municipal council. The section, as it originally stood, went on to provide that the revenue accruing from the ferry should be credited to the funds of the managing authority, namely, the local board or municipal council concerned. But this provision was omitted by the Government of India (Adaptation of Indian Laws) Order, 1937. The effect of the omission is to make the revenue accruing from the tolls levied at the ferry under the orders of the Government part of the provincial revenues. Under the Government of India Act, 1935, this item of revenue is subject to the vote of the Legislative Assembly and cannot be made over to the local body without a vote of the Assembly. But in fairness to the local body, the revenues derived from a ferry managed by it should be given to it. Under the law as it now stands, however, it will be necessary for Government to keep accounts of the income derived at each of the ferries assigned to local bodies, and obtain the vote of the Legislative Assembly for disbursing the amount to the local bodies concerned. This will be exceedingly inconvenient from the administrative point of view. This inconvenience has been avoided for the present by paragraph 4 (a) of the India and Burma (Transitory Provisions) Order in Council which provides for local bodies being credited, for a period of two years from the 1st April 1937, with sums which were being credited to them before that date. If the existing procedure is to be continued after the 1st April 1939, legislation will be necessary and the Bill is intended to implement this object. New section 10 inserted by clause 2 of the Bill vests the power of levying tolls in the local body itself and the proceeds will be administered by it. The income derived from the tolls will not, therefore, form part of the provincial revenues but will vest from the outset in the local body itself. Consequential changes have been made by clauses 3 and 4 of the Bill in sections 11 and 14 of the Act respectively. A transitional provision for the continuance of existing tolls has also been added—see clause 5 of the Bill.
